Summer 2016 Employment Opportunities:
Computer Science Teaching Assistants and Instructors

The Johns Hopkins University Center for Talented Youth (CTY) is seeking instructors and teaching assistants for our summer programs. CTY offers challenging academic programs for highly talented elementary, middle, and high school students from across the country and around the world. Positions are available on the East and West coasts at residential and day sites at colleges, universities, and schools, with room and board provided on campus to all staff at our residential sites. A full list of locations can be found at www.cty.jhu.edu/jobs/summer/sites_dates.html.

We are currently seeking individuals for a number of courses, including:
- Fundamentals of Computer Science
- Data Structures and Algorithms
- Advanced Robotics
- Introduction to Robotics

Course descriptions can be found at http://cty.jhu.edu/jobs/summer/courses/math_computer_science.html#computer_science.

Why teach for CTY?
- share your passion for computer science with highly motivated and talented students
- be a part of an intellectual community
- develop your teaching skills in a supportive, collegial environment
- work alongside dedicated educators from around the world
- limited class size (18 students), plus an instructor and assistant for each class, ensures a low student-teacher ratio
- salary plus room and board at our residential sites

2016 Program Core Dates
- Session 1: June 23 - July 16, 2016
- Session 2: July 16 - August 6, 2016

Terms of Employment
- Starting salary for two sessions is $2,400 for TAs and $4,800 - $6,000 for instructors
- Room and board are provided at residential sites
