

# A JOB WITH A FUTURE THAT HELPS MAKE HISTORY

## GENENTECH CAMPUS ENGAGEMENT DAY- NOVEMBER 4, 2016

Genentech's Campus Engagement Day\* on Friday, November 4, 2016 from 10 a.m. - 3:30 p.m, hosted by University Talent Acquisition and Strategy Team, intends to provide selected students with insight into our mission and culture and information about the process for Internship/Co-op opportunities.

This visit to Genentech will include inspirational talks from Senior Leaders to learn more about Genentech, panel discussions with Genentech employees and recruiters, and tips on how to be a competitive candidate for Genentech opportunities. Additionally, there will be opportunities to have lunch and network with Genentech hiring managers and students from universities across the nation.

### Why attend?

Between the months of November 2016 - March 2017, the majority of our Summer Intern job postings will be active. Although attending the event is not a guarantee of selection for a position, it will provide selected students with access to Senior Leaders, company information and critical insight about the application process that is unique in an interactive setting.

### Who should attend?

Students who possess:

- a STEM background and has completed a year of university
- availability to work in the Bay Area for Summer 2017
- strong academic achievements and performance (minimum GPA 3.0)
- strong personal character and leadership capacity
- previous work experience and/or community involvement
- interest in biotechnology as a career

### To Apply

Please visit the following link to apply: <http://bit.ly/2bR63Rm>

Completing this application does not guarantee registration. If you are selected to attend, you will be notified via email no later than beginning of October 2016 with further information.

## About Genentech

Considered the founder of the industry, Genentech, now a member of the Roche Group, has been delivering on the promise of biotechnology for over 40 years. Genentech is a leading biotechnology company that discovers, develops, manufactures and commercializes medicines to treat patients with serious or life-threatening medical conditions.

We are among the world's leading biotech companies, with multiple products on the market and a promising development pipeline.

## Internships - An Opportunity for Growth

Genentech's Intern Program, recognized as one of the industry's best, provides students with a chance to experience the biotechnology industry while gaining experience relatable to their degree. Our program offers unparalleled learning and networking opportunities throughout the company, including the ability to contribute to meaningful projects. Our paid Internships offer inspiring 10 week to 12 month programs for undergraduate and graduate level students. Interns work side-by-side with some of the most talented people in biotechnology on topics related to Research, Development, Manufacturing Processes and Corporate Business Groups, which complements university curriculum with relevant, hands-on experience.

## Summer Intern Program Highlights

- Opportunity to work on challenging business-critical projects
- Presentation of end-of-summer project findings to senior management
- Networking
- Career development panels
- Social events
- Lunch and Learn Speaker Series
- Eligible Interns will have opportunities to be considered for full-time positions with Genentech

## Cooperative Education - An Opportunity for Collaboration

The Cooperation (Co-op) Education Program provides undergraduate and graduate students course credit through their university and provides outstanding opportunities to gain valuable industry experience under the guidance of a Genentech professional.

To learn more about our Intern and Co-op opportunities, please visit [careers.gene.com](http://careers.gene.com) or search #genentechinterns.

\*Genentech's Campus Engagement Day is intended to represent our inclusive approach to encourage students from a variety of personal and academic backgrounds to apply for Internship/Co-op opportunities. At Genentech, we celebrate multiple approaches and points of view. We believe diversity drives innovation. So we are building a culture where difference is valued.

*Genentech is an Equal Opportunity Employer: Minorities / Women / Disability / Veteran*
