

MARIN COUNTY SHERIFF'S OFFICE

NOW HIRING!

TECHNOLOGY SERVICES UNIT CADET / PAID INTERNSHIP

The Marin County Sheriff's Office is currently looking for applicants for an open Cadet / Internship position in the Sheriff's Office's Technology Services Unit (TSU).

The Cadet Program is a paid internship program. Cadets work between 16-25 hours per week depending on your availability and are compensated at \$14.72 per hour. The Sheriff's Office goal is to reward hard working Cadets with full time employment after they complete their education.

The Sheriff's Technology Services Unit is comprised of 8 full time Sheriff's Office Employees. They work together to keep all of the critical computer systems at the Sheriff's Office running smoothly. Technologies include:

-Sheriff's brand new state of the art Comm. Center, including computer programs such as; Computer Aided Dispatch, Justice Search and report writing software.

-Technology Systems in Patrol Vehicles, Boats, Mobile Command Vehicle, and the Special Weapons and Tactics Team's Bearcat Rescue Vehicle.

-Jail Facility and various other Sheriff's Office buildings located throughout Marin County.

The ideal candidate has knowledge of standard desktop computers, basic networking and system administration practices, deployment and management technologies, mobile devices/tablets and basic software experience with Microsoft products and can develop expertise in systems used within the Marin County Sheriff's Office.
