Checklist for Students Enrolling in CSC 895/898

Students wishing to enroll in CSC 895/898 should bring this form to the CS Dept office where it will be routed to their supervising faculty member for permission to obtain a Permit Number to add the class. Once your supervisor has signed this form return it to the CS Department office for verification that all conditions have been met. The student will be emailed the Permit Number when this approved form has been reviewed.
